Forwarded by J. H. Robertson, Supt

The Japanese military Authorities are maintaining an office at 1036 Sing ming Road for the purpose of issuing passes to bonafide ex-residents of the Chapei area. These passes are gratis and when issued entitle the holder to remove his or her property from the devastated area.

The office has been opened about one month and is in charge of a Japanese military officer by name Too Tsu Siao Tso (土佐 小島). No Chinese are employed except an interpreter, whilst the office appears to have no connection with the Shanghai ^{Nanking District Division} Maintenance Association
